about us

Established in 2006, East Coast Manufacturing is one of the nation's leading manufacturers of high security mesh fencing & framework products. Our products are manufactured to the highest standards & are widely specified by architects both domestically and internationally. East Coast Manufacturing has been setting the industry standard by providing a variety of durable, dependable solutions for a wide array of applications. As a subsidiary of Engtex Group Berhad, a company listed on the Main Board of Bursa Malaysia, East Coast Manufacturing is poised to achieve greater heights in the coming years.

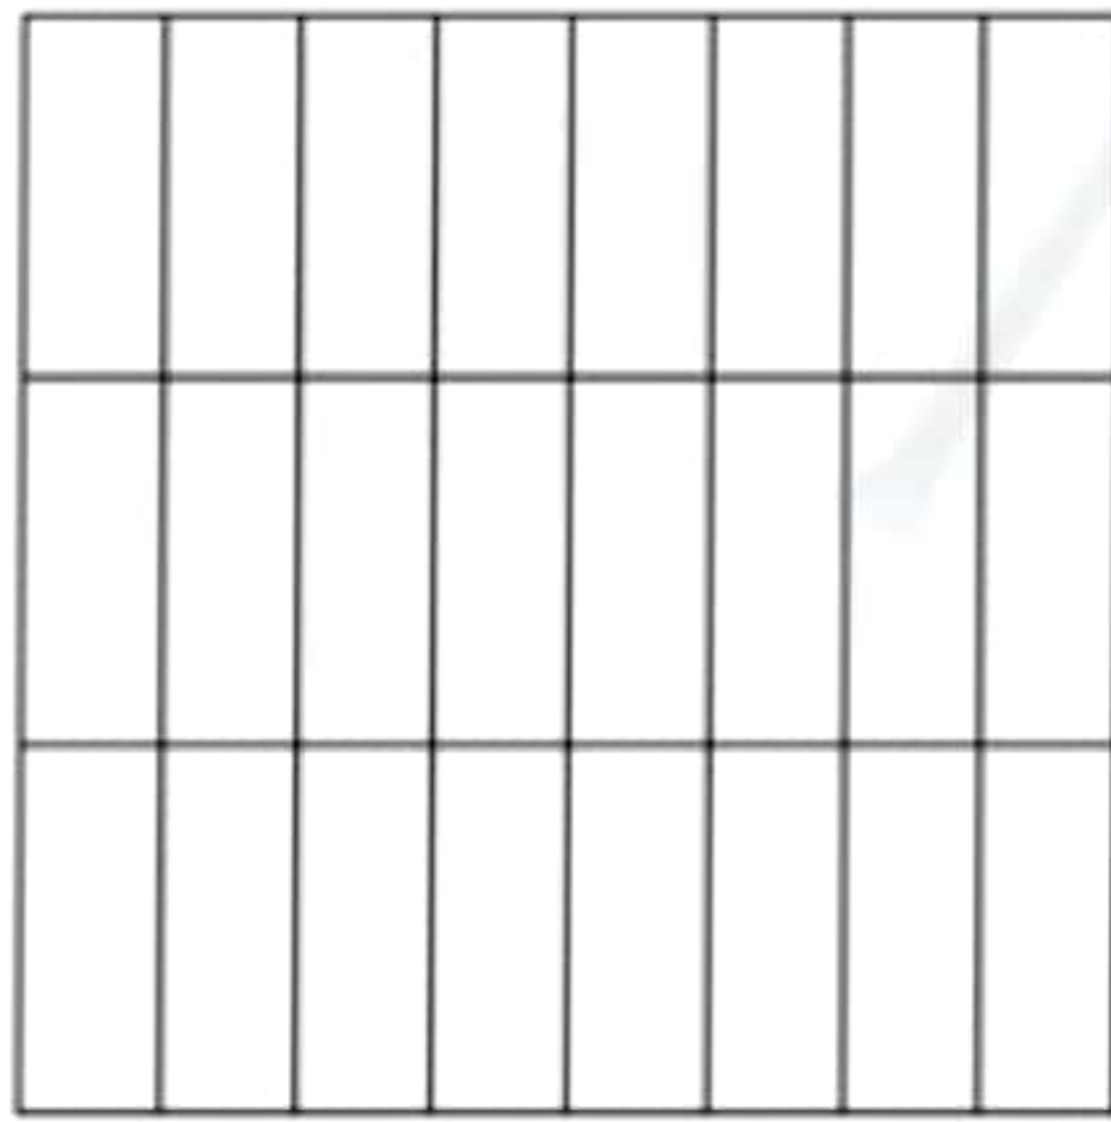

H I G H
S E C U R I T Y
M E S H F E N C I N G
S Y S T E M

East Coast Manufacturing specializes in the design, manufacture and supply of high security mesh fencing products. These fencing products have replaced the more traditional chain link fencing at a consistently growing rate, and its popularity also exceeds wood fences and PVC panels. Our fences are available in hot-dip galvanised finish or can be powder-coated to any colour of your preference. That challenges the status quo by setting standards in the industry for a longer product life span that can withstand the test of time. On top of that, our mesh fencing panels can be made to personalised specifications to meet any requirement of your application.

'ARMADA' FLAT BASIC FENCE

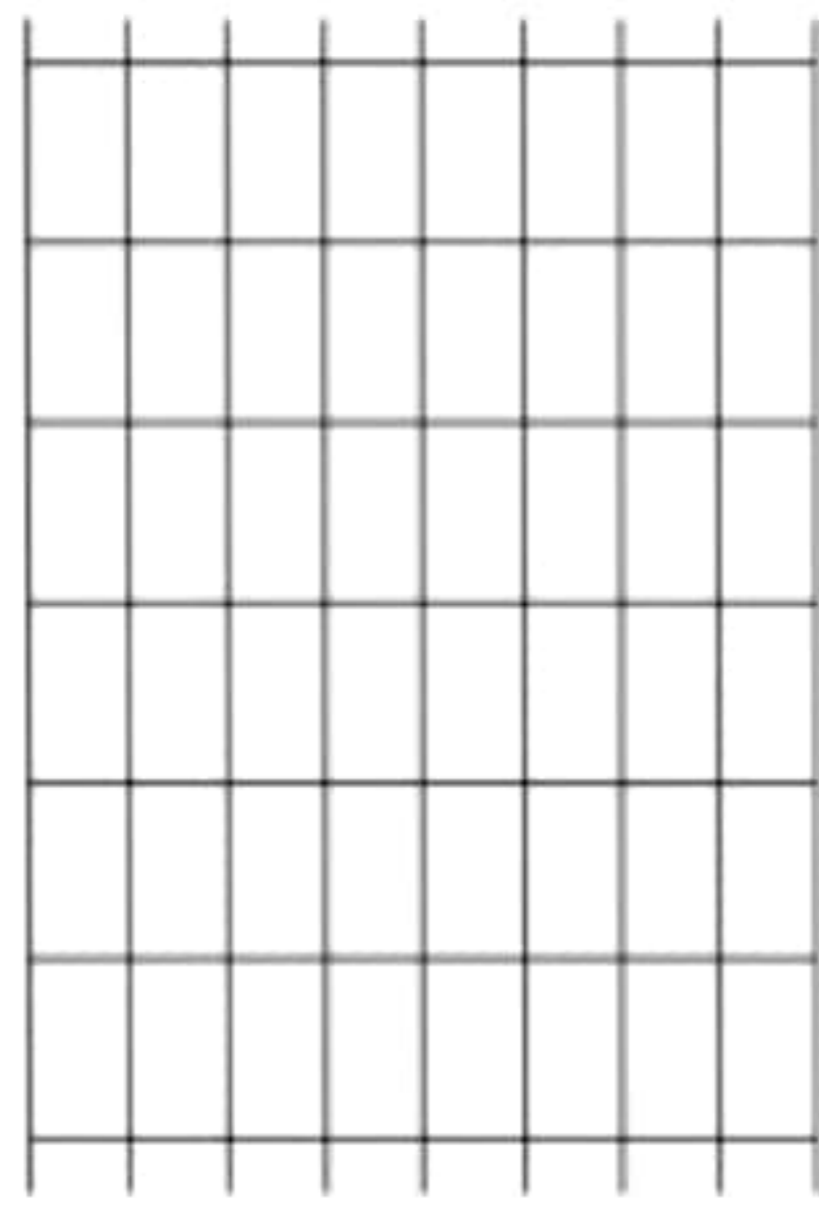

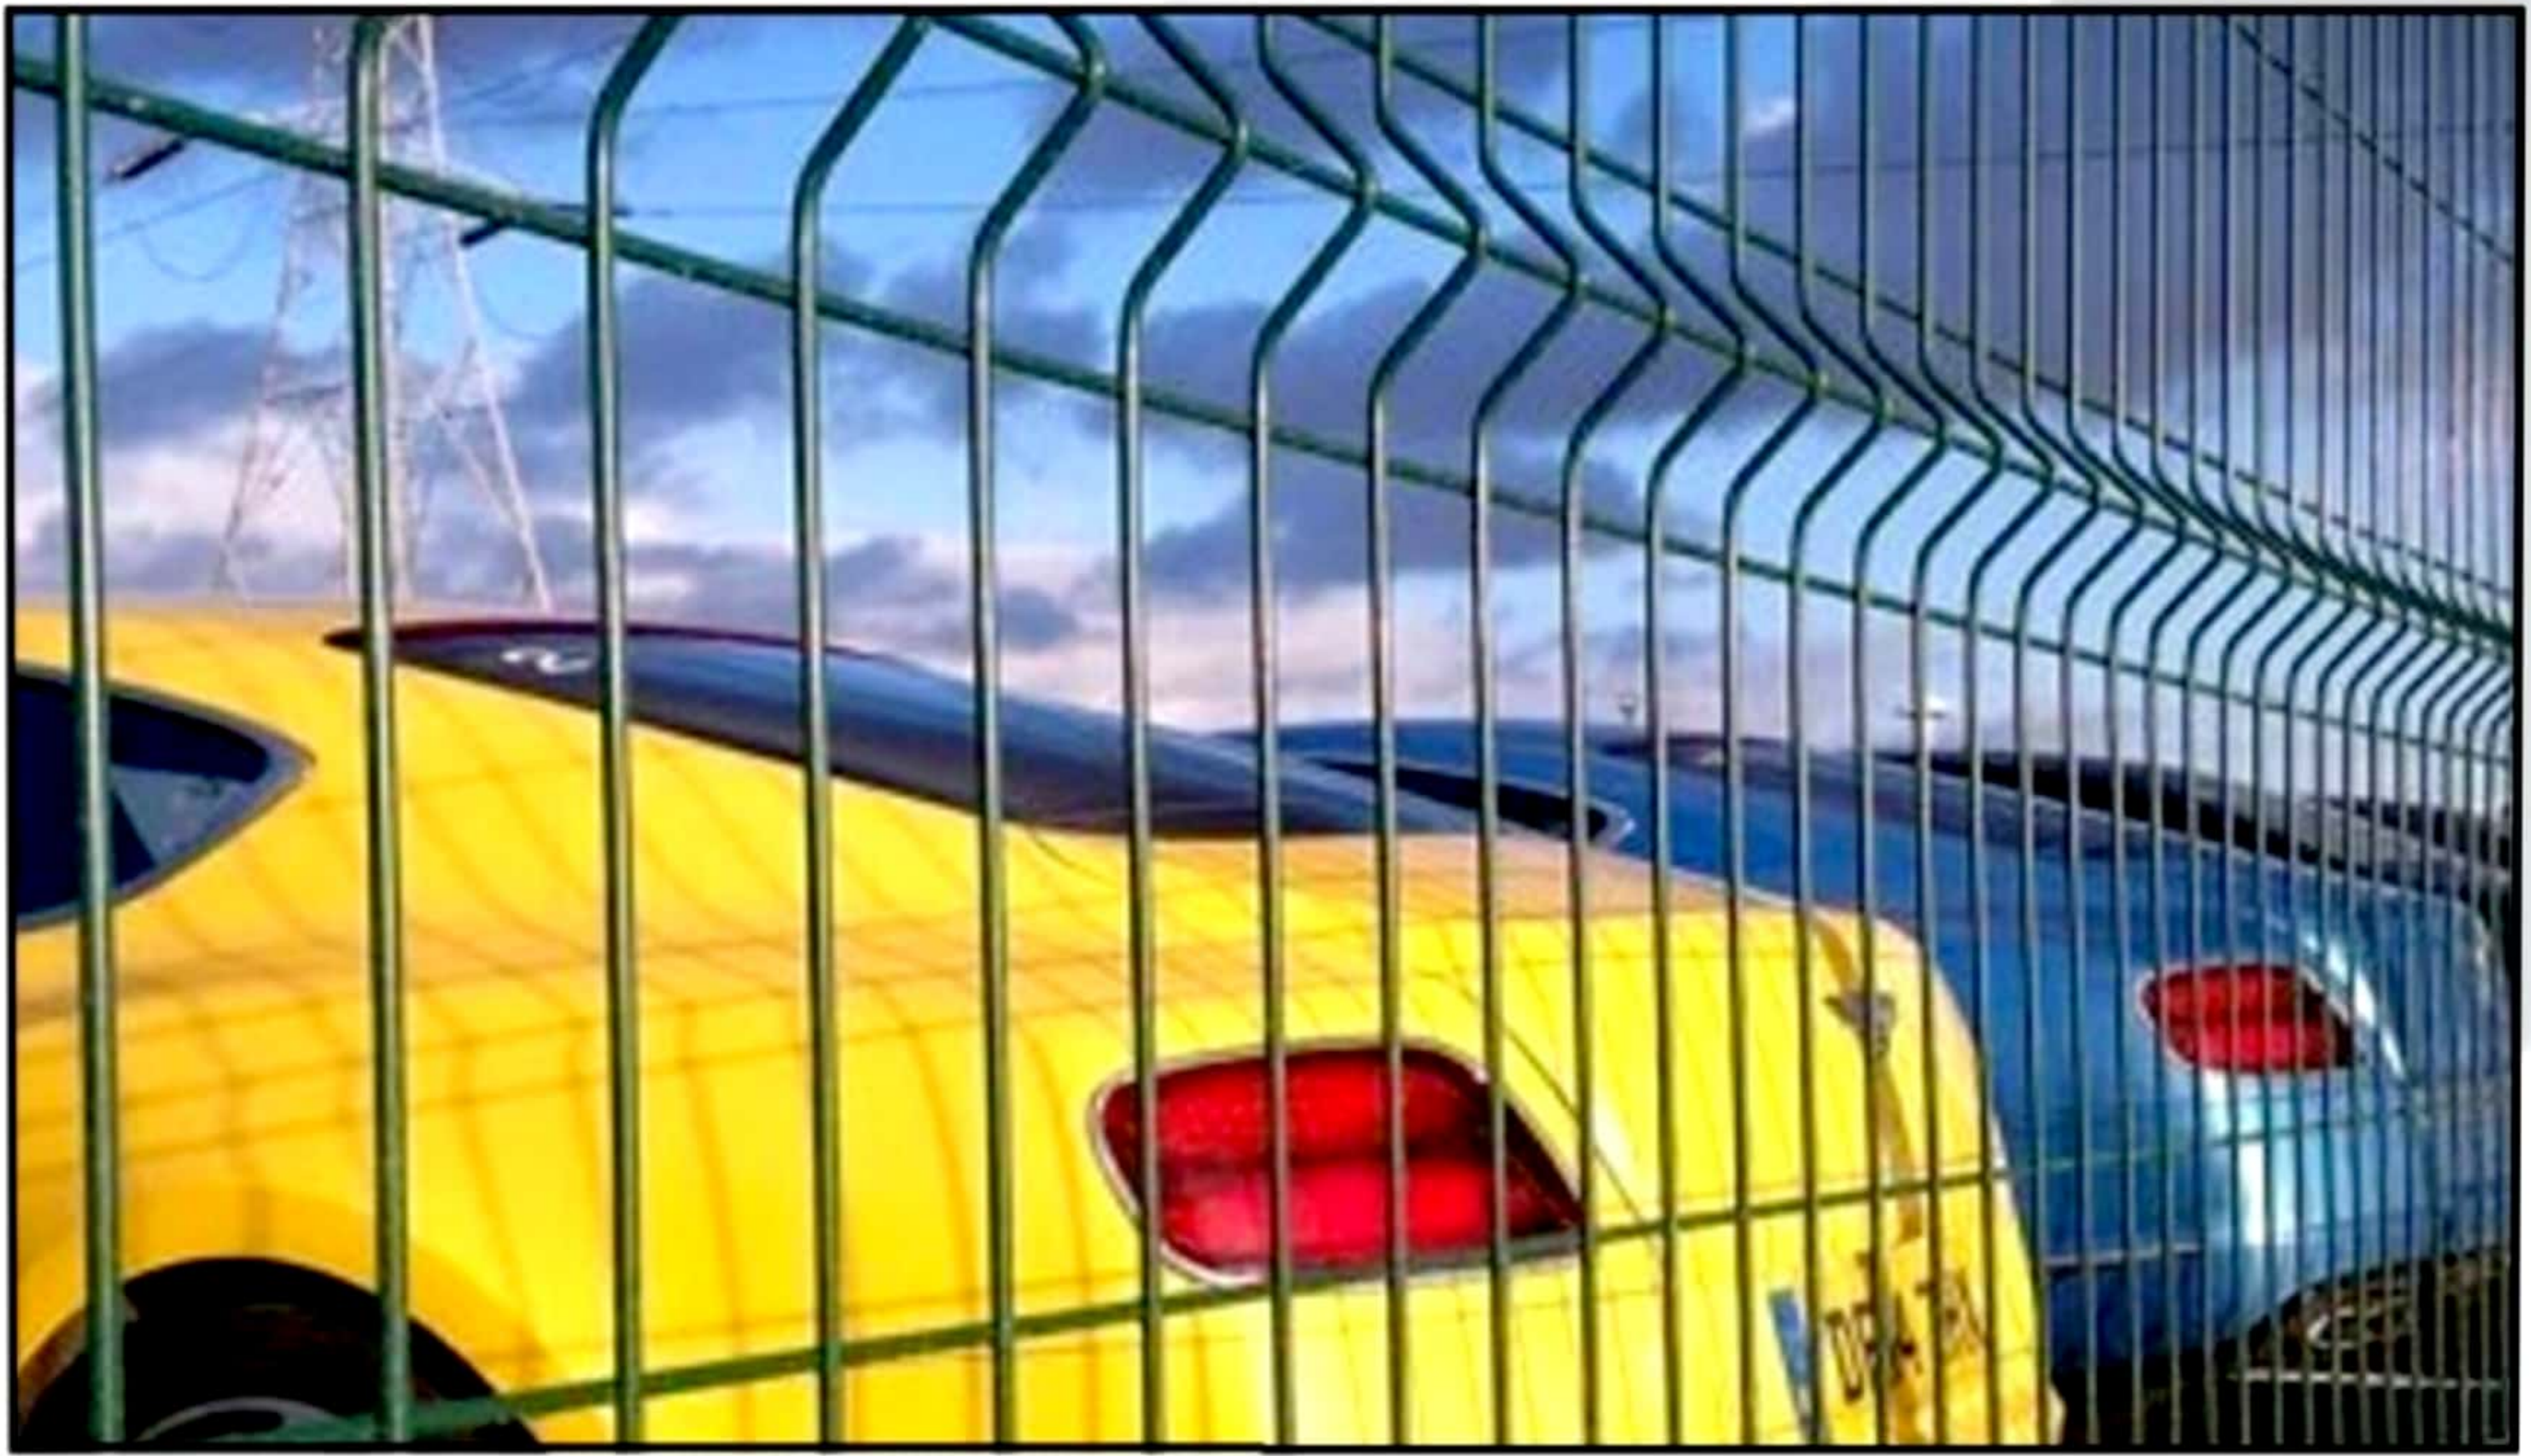

SIRIM
BS EN 10223-4;1998
PC001740

Armada is a secure effective form of crime prevention with a distinctive appearance which offers excellent through vision making it useful for many applications. It offers a superb level of resistance to impact damage, vandalism and forced entry attempts. It is a cost effective solution for industrial sites and long runs of fencings.

This product can normally be despatched immediately when in stock, however any customisations you require may add to the lead time.

Mesh Spacing (Vertical x Horizontal)	50mm x 150mm	75mm x 300mm
Wire Diameter	Ø5.0mm	Ø6.0mm
Panel Size (Height x Width)	900mm x 2400mm 1200mm x 2400mm 1500mm x 2400mm 1800mm x 2400mm 2100mm x 2400mm	

'BOLIVIA' V-PRESSED FENCE

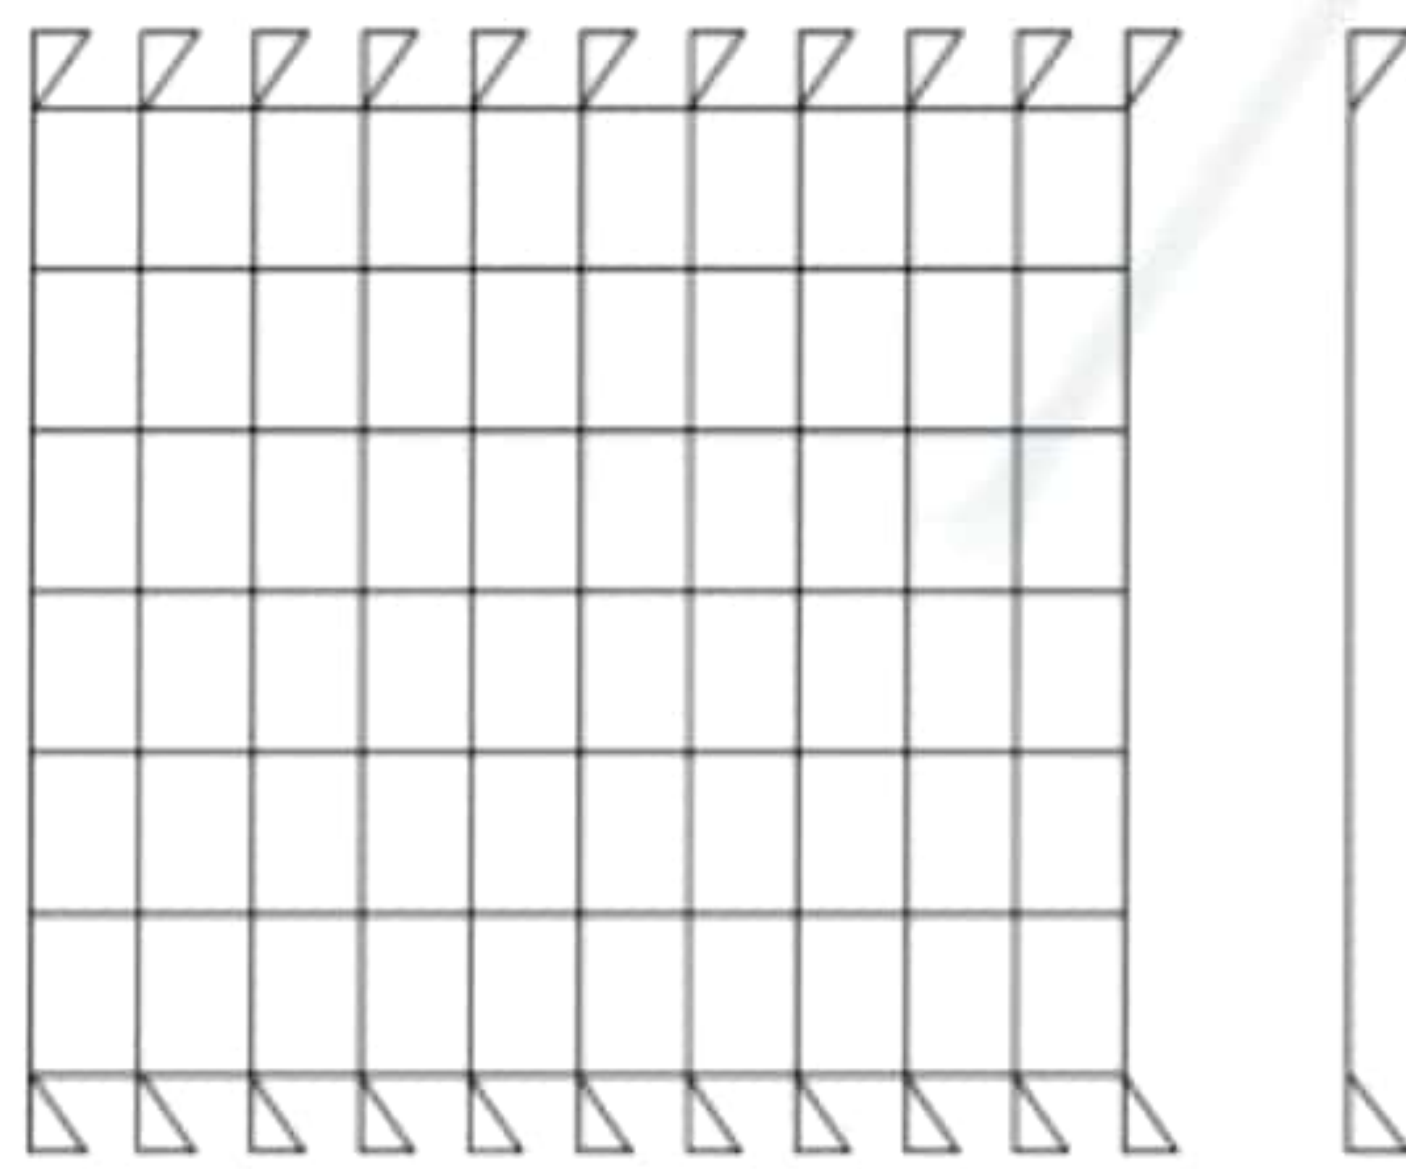

SIRIM
BS EN 10223-4;1998
PC001740

Bolivia has a unique aesthetic appeal that comes from its unique profile and design. The 'V' shaped profile reinforcing folds can increase the panel's rigidity and stability, providing perimeter security with a subtle stylishness. It is ideal where security is required but without an intimidating and oppressive appearance.

This product can normally be despatched immediately when in stock, however any customisations you require may add to the lead time.

Mesh Spacing (Vertical x Horizontal)	50mm x 150mm		75mm x 225mm	
Wire Diameter	Ø5.0mm		Ø6.0mm	
No. of 'V'	2V	3V	2V	3V
Panel Size (Height x Width)	900mm x 2400mm		900mm x 2400mm	
	1200mm x 2400mm		1125mm x 2400mm	
	1500mm x 2400mm		1350mm x 2400mm	
	1800mm x 2400mm		1575mm x 2400mm	
	2100mm x 2400mm		1800mm x 2400mm	
	2400mm x 2400mm		2025mm x 2400mm	
			2250mm x 2400mm	

'CELINA' ROLLED TOP FENCE

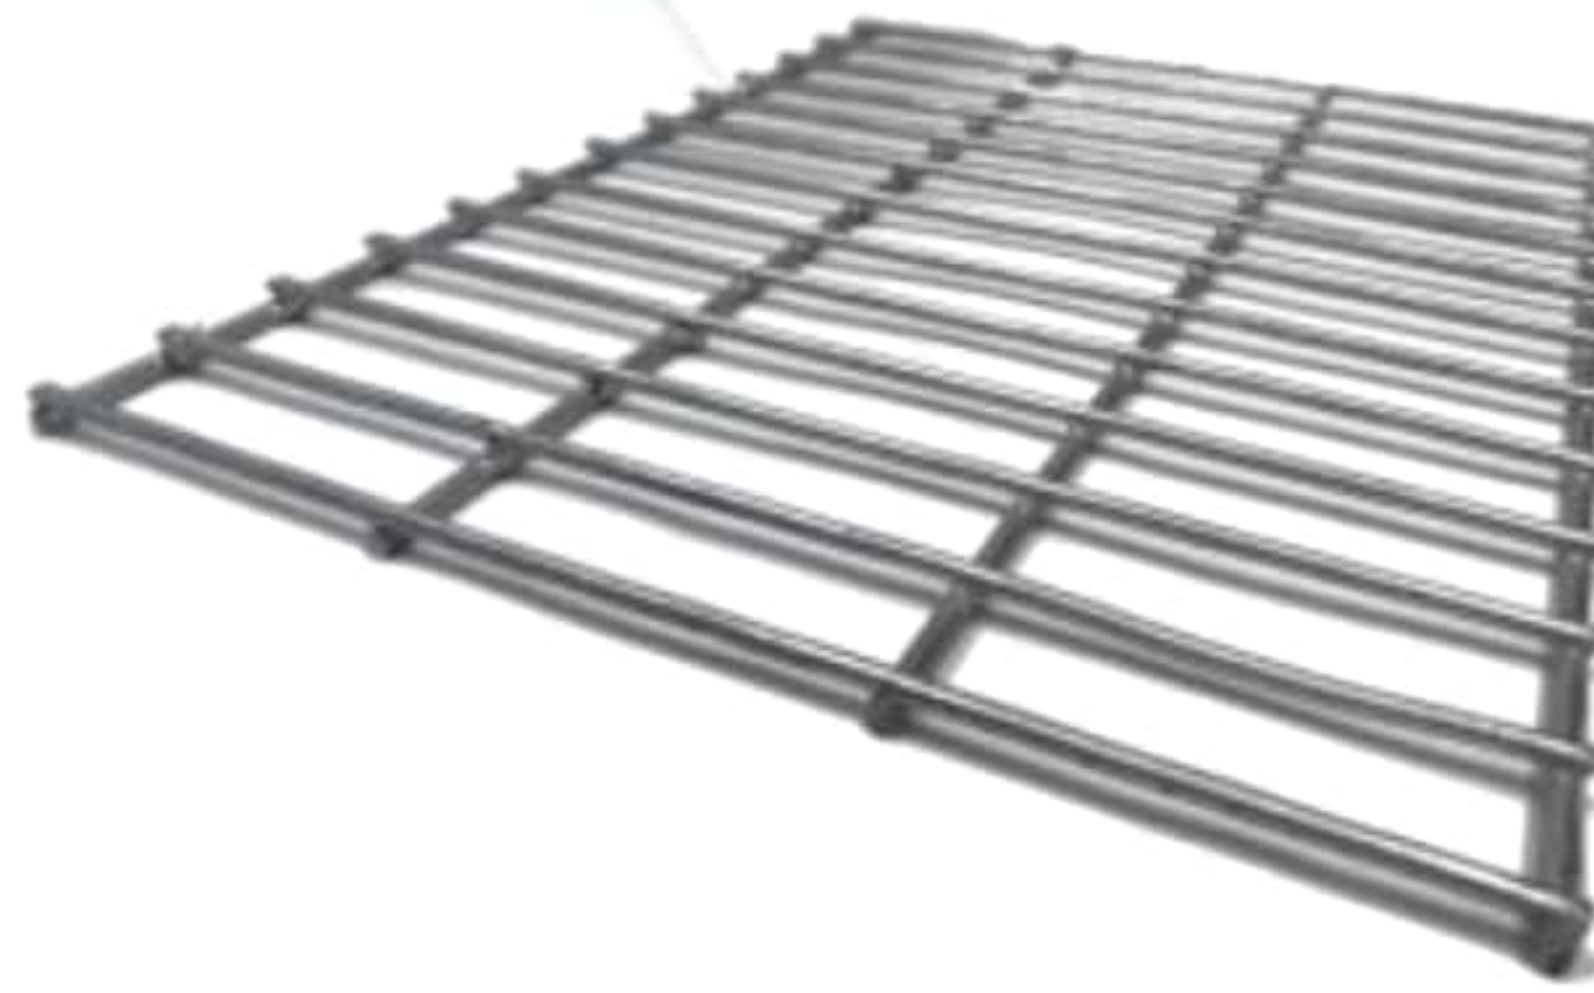

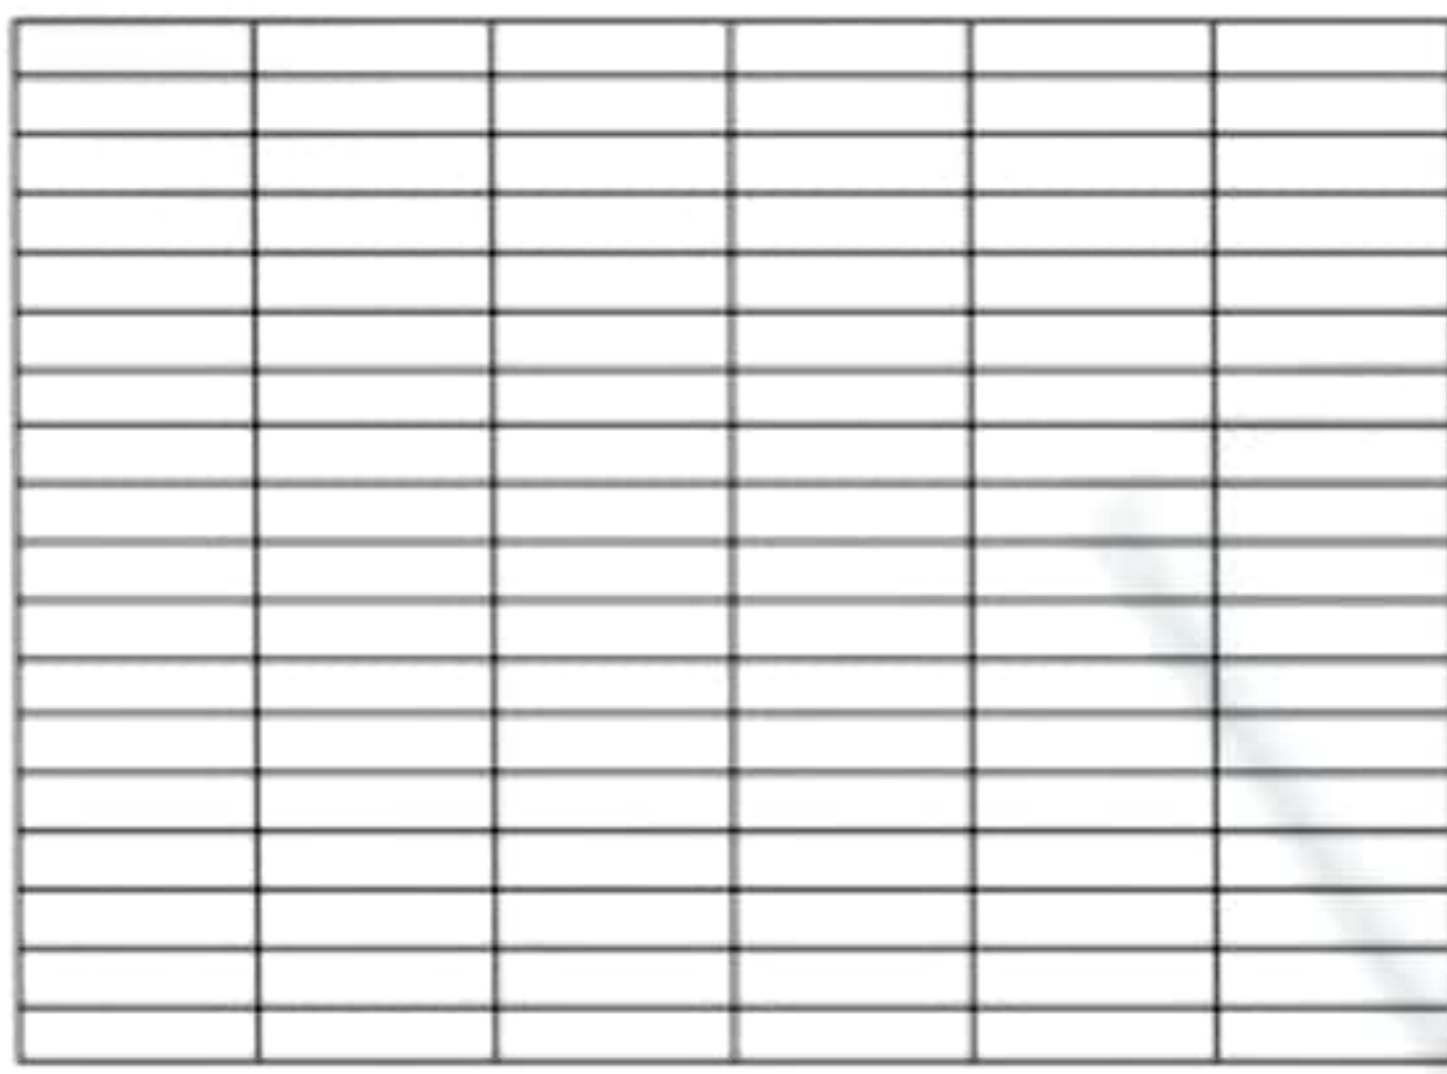

SIRIM
BS EN 10223-4;1998
PC001740

Celina is a safe mesh fence panel with a rolled top and bottom edge for added safety. The unique safe design ensures there are no protruding sharp edges. The safe and secure panel is extremely rigid while offering good see through visibility. Therefore, it is a popular choice for recreational fencing, playground fencing & school fencing.

This product can normally be despatched immediately when in stock, however any customisations you require may add to the lead time.

Mesh Spacing (Vertical x Horizontal)	50mm x 150mm	75mm x 300mm
Wire Diameter	Ø5.0mm	Ø6.0mm
Panel Size (Height x Width)	900mm x 2400mm 1200mm x 2400mm 1500mm x 2400mm 1800mm x 2400mm 2100mm x 2400mm	

'DAKOTA' ANTI-CLIMB FENCE

SIRIM
BS EN 10223-4;1998
PC001740

Dakota is extremely difficult to penetrate, with the small mesh aperture being effectively finger proof, therefore hard to be cut using conventional hand tools. It offers a high resistance to burrowing and climbing, making it the preferred solution for high security areas such as army camp and power station.

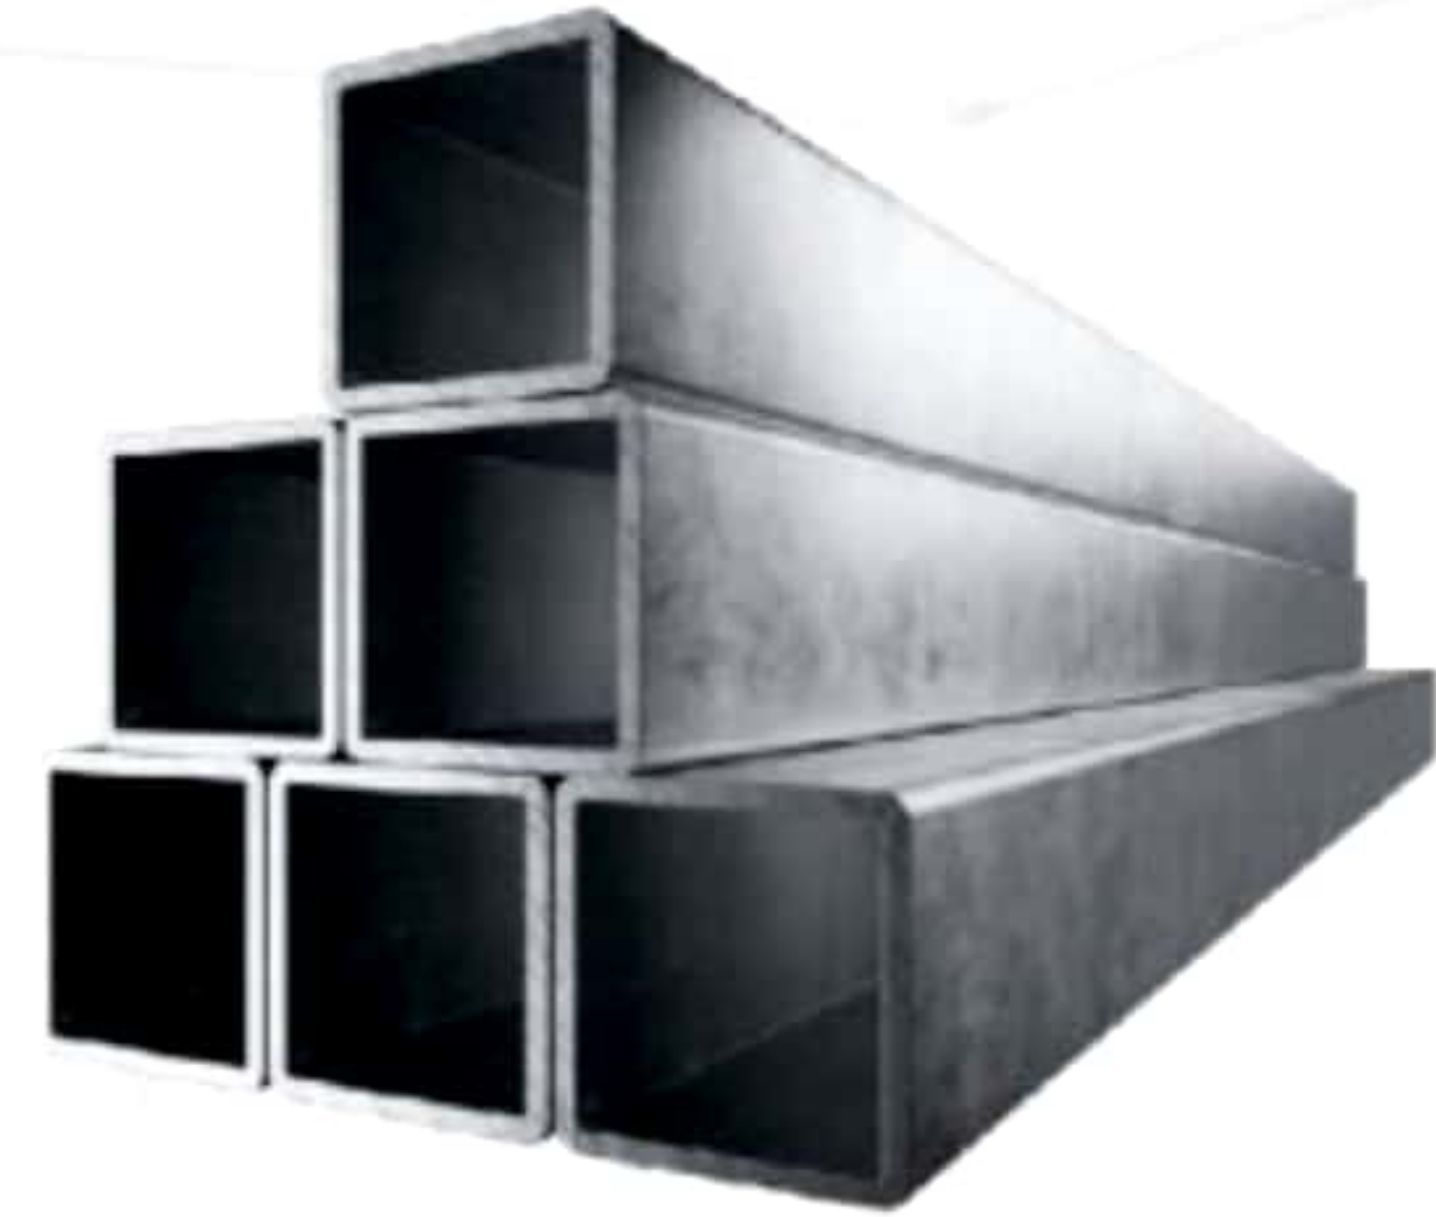

This product can normally be despatched immediately when in stock, however any customisations you require may add to the lead time.

Mesh Spacing (Vertical x Horizontal)	75mm x 12.5mm	25mm x 75mm
Wire Diameter	Ø4.0mm	
Panel Size (Height x Width)	900mm x 2400mm 1200mm x 2400mm 1500mm x 2400mm 1800mm x 2400mm 2100mm x 2400mm 2400mm x 2400mm
